

Design standards for "Industrial Streets", "Lanes", Trails and Bike Paths are shown in the text of the Circulation Element.

Proposed Circulation System Map (1, 2)

Existing	Future		
		Arterial Street	
		Collector Street	City Boundaries (2009)
		Industrial Street	
		Local Street(3)	Ultimate Sphere of Influence
		Pedestrian Trails(4)	
		Waterways	

Notes:
 1. Existing streets may not be fully developed to Circulation Element Standards;
 2. "Future" road alignments are shown with broken lines, and are generalized and subject to change;
 3. Most future local streets are generally not shown on this map. An exception is where local streets will abut water channels.
 4. Trail locations are approximate
