One Fire truck is in the shop at Fresno, and the department may have to purchase a replacement but we're looking to purchase a used one to save money, will check for grants and USDA for funding to assist with buying it.
- **Finance Director, Pio Martin** – Hopefully, the Auditor will finish audit and provide the report as well as give a presentation on it. Then, the City will need to go out for an RFP for a new contract.

Been searching through historical records to resolve lot line issues in the Del Rio, we have found many Grant Easements and Final Condemnation but still searching for a few. It doesn't look on the current map that there is many lots that have problems and possible they were not amended at the county since we've found grant easements and the lot is still incorrect. We will contact to the County to try to resolve.

Working on the baseball field to complete the project, we've created an MOU with a deadline to complete the construction, a new contractor maybe needed to finish the project since we have had problems meeting with the current contractor, the organization has about \$40,000 for the project. No flooding problems with recent storms to report. NF Davis and West hills College want to bring new businesses, so if funding is available, city representatives would like to attend another ICSC possibly in Monterey to assist them. - **Council Member Lopez** – Stated concern about city’s approved Ordinance on marijuana, with the possible consideration of rescinding the current order.
