The following list includes all the items you must submit for a complete application. Some specific types of information may not apply to your project and, as noted, some items are not normally required. If you are not sure, ask planning staff. The staff will use a copy of this list to check your application for completeness after it is submitted. Processing of your application could be delayed if required information is missing, inaccurate or incomplete.

1. **Application Form.** Attached.

2. **Application Fee:** $1,685.00

**INFORMATION REQUIRED**

- Three copies of the proposed lot line adjustment drawn on sheets measuring at least 8-1/2” x 11” suitable for recording. If the copy is illegible, the Fresno County Recorder’s office will reject the lot line adjustment. The plan shall show the following information:
  
  A) Identify all existing structures and improvements on the site.
  
  B) Show both existing and proposed property lines.
  
  C) Show existing street improvements.

- Deeds of existing properties which indicate existing property lines.

- A current title report (no more than 3 months old)

- Legal descriptions of proposed parcels, which should include closure calculations described by bearings and distances.

- Copies of proposed deeds to be recorded simultaneously with the lot line adjustment.
LOT LINE ADJUSTMENT PROCESS

1. When the applicant submits the required application materials, staff reviews the material to determine if it is complete.

2. When the map and legal description are determined to be correct, staff prepares a Lot Line Adjustment Resolution which is signed by the City Planner.

3. Deputy City Clerk assembles the lot line adjustment, the legal descriptions and reduced map and then arranges with the applicant to meet at the County Recorder’s office to have the lot line adjustment and deeds recorded simultaneously.

4. When the deeds are recorded, the County requires the applicant to complete and sign a “Preliminary Change of Ownership” form. This must be signed by the property owners. Often the inability to complete the form results in the lot line adjustment not being able to be recorded.

5. When the lot line adjustment and deeds are recorded, the process is complete.
Please type or print clearly in ink. Incomplete applications will be returned.

Project Address or legal description

Assessor Parcel Number:

Existing use of project site:

Lot size and dimensions of lots before and after adjustment:

Do the size and dimensions of the adjusted parcels comply with minimum lot size and dimension requirements of the Zoning Ordinance?

What is the proposed use(s) of the site?

What are the existing General Plan and zoning Designations for the site?

How many acres are involved?
Please type or print clearly in ink. Incomplete applications will be returned.
